## A GREAT SUCCESS

Was the Fair Held at Louisa Last Week.

The People of Two Counties Joined Heartily Into the Enterprise.--- List of Awards.

The latest and best fair ever held in Lawrence county came to a happy and somewhat damp conclusion at four o'clock Saturday afternoon. During Thursday and Friday the weather man was in a smiling mood serving up the very finest brands of sunshine and atmosphere regardless of expense. We had a good-sized crowd Thursday, a bigger one Friday, and in spite of drizzle and down-pour, mud and chilling winds very nearly, if not quite, as many attended on Saturday as came out the day before. They were eager and enthusiastic, and a little like rain had cold didn't lessen their ardor. Our country friends in particular were hungry for a fair, so in spite of discomfort they came and remained until the last word of Charley Flannery's 100 perplexers had been spelled—and missed. So the NEWS says again the fair of October 9, 10 and 11 was the best in all respects the county has ever had. At least this seems to be the consensus of opinion. The big public square, 208 by 330 feet, was thickly dotted with horses, mules, colts, bulls and cows that would do credit to any county fair in the State. Hogs which were the perfection of stock and breeding were in improvised pens. Splendid specimens of poultry cackled and crecked in boxes and coops, while perfect products of garden and field showed their homely beauty—hope this expression is all right—to the admiring gaze of hundreds of absorbers. People said, half-exclaiming, "Well, if it hadn't been for the drought we would have done much better." It is hard to see how they could have done much better, but it is hoped that next year we may have a favorable season and see just what the good farmers, the men, boys and women of old Lawrence can do when the weather and the "sign" are both right.

In the court room and jury room there was a display which the NEWS challenges the State to excel or surpass. In eatables. There were bread, cakes, homemade candy and pickles, preserves, canned fruits, sauces and catsup—ketchup sounds better—in almost endless variety and profusion. In things to wear and for adornment and to look at there was much that was very useful, much that was very handsome, quilts, comforts, pillow cases, towels, scarfs handkerchiefs, beautiful embroidery, beautiful crochet work—one exquisite dress of it, paintings, and some things the NEWS didn't know the name or use of and was afraid to guess, but all was fine and good.

A most admirable feature was the agricultural exhibit sent here by the Experiment Station at Lexington. It was the same exhibit that was shown at the State fair recently held at Louisville, consisting of farm products from all over the State. Of course, the specimens, having been selected for exhibition the best had been chosen. The various specimens were arranged in large glass covered cases, after having been carefully labeled, and these cases were arranged on the inside of a large covered canvas tent and were shown by Prof. Carmody, of the Agricultural Extension Department. To the credit of our people he said that, according to Mr. Carmody more people visited this exhibit during the two days it was here than visited it during the week it was shown at Louisville. It was a striking object lesson on what Mother Earth can be made to do under proper conditions of soil and tillage.

Friday was horse and horseman-ship day. Many good horses were shown, and some of them would have shown their good points better if they had better riders. A horse is a nervous "critter," with

as many moods as a woman, and you can't handle these moods by whip and spur. Some of the riding for premium, by both sexes, was as fine as one may see anywhere.

On Friday evening a large crowd assembled in the court house and listened to Profs. Bryant and Carmody, of the Agricultural Extension. Prof. Bryant first occupied a short time in speaking to the farmers who might be present, and there were a good many. He spoke almost entirely of the business side of farming and spoke practically and entertainingly. When he asked his hearers to tell him how many pounds of pork a bushel of corn would put on a hog; how much it cost to produce a gallon of milk, and other questions along this line, the few answers he received showed a wide difference of opinion. Prof. Bryant contrasted this want of accurate knowledge with the knowledge of the man who sold shoes and invested money. Each knew the exact cost of his wares and where he could invest capital where it produced the best returns. Prof. Bryant declared that the farmers had a right to have the best, but he failed to get it.

Prof. Bryant was followed by Prof. Carmody, with a most instructive talk on various fruits, particularly the apple and the strawberry. His address was beautifully illustrated by stereopticon views. What the man "with red hair on his neck," as he called himself, does not know about fruit and its culture is scarcely worth knowing. Bryant and Carmody are invaluable to the Kentucky Department of Agriculture. Speaking of fruit reminds one of flowers, which reminds the NEWS to say that the display of flowers at the fair was fine and attracted the especial attention of the gentlemen from the agricultural department.

It is hoped that next year the butter makers of this section will make a larger showing than was made this time. Some of our farmers and women are noted for the excellence of their butter, and they should give us a showing of their quality.

The NEWS is glad that our neighbor county of Wayne came across (the bridge) with so many good exhibits. We are practically the same people, and what is for the good of one is for the good of the other. Begin now, friends, to prepare for the next fair, and if you bent Lawrence in your displays we will rejoice with you.

See page 4 for list of premiums awarded.

## JOHN McDYER IS SICK.

Candidate for Representative Unable to Fill Appointments to Speak.

Hon. John McDyer, the good roads candidate for Legislature from Lawrence and Boyd is confined to his home in Ashland by severe illness and therefore unable to fill the dates made for him to speak throughout this county. This will cause general regret. The people had looked forward with great interest to these addresses by a road expert.

We all hope he may speedily recover and yet be able to speak in this county. In the meantime his friends should be looking after his interests.

## PROTECTOR OF SISTER FREED.

Portsmouth, O., Oct. 15.—Haskell Lee, a Louisa, Ky., youth who was arrested Saturday night for cutting his brother-in-law, Carl H. Walters, of 419 Front-st., in the side, has been released. It developed that Lee was only protecting his sister, Mrs. Walters, from abuse at the hands of her husband, who it was said had been drinking.

Change Of Superintendents. District Superintendent, Dr. J. Bigelow McClay has been transferred to the Ohio Conference and has accepted the pastorate of the Martins Ferry Methodist Church, his new labors to commence this week.

Dr. McClay will be succeeded as superintendent of the Ashland District by Dr. W. H. Dickerson, superintendent of the Steubenville, Ohio District.

## TWO WEDDINGS.

Marriage of Attractive Louisa Girls is Announced.

Miss Florence Millinder, daughter of Mr. and Mrs. Frank Millinder, who formerly lived in this city, was married on Wednesday evening last to Mr. Clyde Montgomery, of Huntington. The marriage was solemnized in Johnson Memorial church, in Huntington. The bride is a pretty and attractive young woman, very popular in a large circle of friends.

The announcement of the engagement and other particulars were published in this paper several weeks ago.

The following additional paragraph concerning Miss Millinder's wedding is from the Huntington Herald-Dispatch:

Wednesday afternoon found the intimate friends assembled in the Johnson Memorial church to witness the marriage of Mr. Clyde Ruffner Montgomery to Miss Florence Elizabeth Millinder, the charming daughter of Mr. and Mrs. Frank Millinder. The impressive service was spoken by Reverend U. V. W. Darlington. Miss Shirley Buras, of Louisa, Ky., was the bride's attendant. She appeared ready for traveling in a handsome suit of blue, her hat and gloves of corresponding shade. Her flowers were roses and valley lilies. The bride walked with her father, Mr. Frank Millinder, who gave her in marriage, Mr. Montgomery, with his best man, Mr. William Lewis, of Virginia, meeting them at the altar. The bride is a lovely girl with pleasing personality. The groom is a traveling man and well known in the tri-state section. They will make a trip to New York and other Eastern cities.

## WILL BE MARRIED SOON.

Miss Elizabeth Bromley, the popular bookkeeper for the Catlettsburg National Bank for several years past, has resigned and returned to Louisa to prepare for her marriage on Thanksgiving, to Mr. McApplin, of Cincinnati, who has been here in connection with the locks as a civil engineer. Miss Elizabeth is a beautiful and most estimable young lady prominently connected throughout the tri-state region. Mr. McApplin has won many friends during his stay here, all of whom have formed a high opinion of him. He is a near relative of the McAlpins of the well known mercantile firm of Cincinnati. Miss Beulah Coldiron of this city is filling the vacancy caused by the resignation of Miss Bromley.—Catlettsburg Dept. Ashland Independent.

## EVERETT O'ROARK DEAD.

The following from the Carter County News will interest the friends of the young man's father "Ran" O'Roark, who is a native of this county and has relatives in this city.

The death occurred October 8th. "Everett, the only son of Mr. and Mrs. L. D. O'Roark, died yesterday morning at 4 o'clock at the home of his parents in Grayson.

He had been suffering for several weeks with typhoid-pneumonia. All that could be done was done by loving parents and friends, but none of their efforts were rewarded.

Everett was one of the graduating class of the Grayson High School last year, and news of his death will make a shock to his classmates, as he was very popular and highly esteemed by them.

His mother is in poor health, and the shock has caused her to be prostrated.

His sister, Jessie, and father have stood the trial with all the fortitude they could command.

All the friends and neighbors extend their heartfelt sympathy to the bereaved parents and loving sister.

## WERE MARRIED WEDNESDAY.

On the afternoon of Wednesday, Oct. 16, Mr. Bailey Moore and Miss Tiny Ward, of Johnson county, came to Louisa and were married at the residence of the officiating minister, the Rev. S. F. Reynolds. Mr. and Mrs. Moore returned to Whitehouse the same evening.

## OCTOBER 24th & 25th.

Remember the Road Working Days Proclaimed by Gov. McCreary.

Friday and Saturday, October 24 and 25, should be memorable days in the history of Kentucky, made so by the work done by the people on the public roads of the State. Gov. McCreary has spoken clearly and earnestly in a proclamation naming those days as a time for united and systematic action on part of the citizens of this Commonwealth in a grand effort to improve the highways. It is the duty of every able-bodied man and boy to turn out in willing response to this appeal of the Executive, and by well directed, intelligent work make better the roads which now are anything but good.

Not long ago the Governor of Missouri called upon his people by proclamation to devote two designated days to organized effort to improve the roads of that State. Right nobly did the people respond to the request. The rich and the poor, from the rural districts and from the cities and towns, went to work, and with such grand results that a conservative estimate of the value of the work done was two million and a half dollars. Can't we show the "show me" State old Kentucky can do as well, if not better?

The Big Sandy News has ever preached the gospel of improvement—improved schools, churches and people. To-day it preaches as best it can the Gospel of Good Roads, taking as a text an object lesson in the shape of the present condition of the roads in Lawrence county. The sermon is preached when these roads are held up, figuratively, to the gaze of the public.

## HELPING GOOD ROADS DAYS.

The Business Men's League of Louisa is taking a very lively interest in the observance of the two Good Roads days, Oct. 24-25. They have had badges prepared and are supplying them free to all who agree to work on those days, also, they are sending out letters to all parts of the county about the work. The County Engineer has consented to lay out the work at important points in advance.

## GOOD ROAD CALL.

Gladys, Ky., Oct. 13, 1913. As our worthy Governor has designated October 24th and 25th as Good Roads Days throughout our Commonwealth, it should appeal forcibly to every citizen of our State who favors good roads. Much can be done by united efforts and I appeal to the people here to come out in force on the 24th and 25th inst. and help open up and repair the road from here to A. J. Webb's across the hill. There is not a place in the county where a wagon or driveway is more in need than here. During the winter season the road around by Dennis becomes almost impassable while this way there would be neither water nor ice. We all need this road and let us see what we can do toward putting it in good repair. W. M. WRIGHT.

## M. E. CHURCH SOUTH.

Sunday school at 9:00 a. m. The men of the town who are not attending elsewhere are cordially invited to come Sunday and join Prof. Kennison's Bible Class. Preaching services at 10:30 a. m. and 7:00 p. m.

Morning subject: "Thoroughness in the Christian Life."

Evening: "Secret Sins." Senior League at 8:00 p. m. This is Rally Day. Let every member be present.

B. M. KEITH, Pastor.

## POST PRICE INCREASED.

The Big Sandy News has been clubbing with the Cincinnati Post at \$2.50 per year, but notice has been received that the Post has increased its price 50 cents per year. The two papers will now cost \$3 per year.

## SEVEN MONTHS PUBLIC SCHOOL.

Frankfort, Ky., Oct. 9.—Hope is expressed by Superintendent of Public Instruction Barksdale Hamlett that next year another month may be added to the rural school year, giving them seven instead of six months' school.

By reason of the strict inspection of the census, which covered seventy counties, and the requirements that the scholastic census returns this year be made on blanks signed by the parents or guardians, the census was cut down, in spite of the normal increase in the scholastic population, to the extent that \$8,085.05 monthly wast trimmed from the distributela to rural school and \$3,628.21 from the city schools. This money is distributed in a pro rata apportionment of \$4 per capita, and the elimination of names improperly placed on the census returns has saved to the school fund \$4 annually for each one, amounting in the six months' term to approximately \$70,000. This year it requires around \$391,000 the month for the rural schools, and if the department can see its way clear to increasing its surplus about the pro rata apportionment to this amount, the extra month will be added to the 1914-15 school year.

## B. S. AND K. R.

Traffic Manager H. A. Fidler, of the Big Sandy and Kentucky River Railroad announced that the passenger traffic on the new railroad will be started next Monday, Oct. 20th between Riceville and Dawkins, a distance of ten miles, where the trains will connect with Nos. 36 and 37 of the Big Sandy division of the C. and O.

The freight traffic has been in operation since Sept. 22nd, and has been very well patronized. Work on completing the road will be pushed as rapidly as possible.

## THROUGH THE BREAKS.

Nearly all the contractors on the C. C. & O. route through the Breaks from Dante, Va., to Elkhorn City, have finished their work, and the Sandy Ridge tunnel, the most difficult undertaking on the entire route, will be finished late in the spring. The contractors are working four ways on this tunnel. A shaft from the top of the mountain was sunk, and two crews are at the bottom of it, working either way, and a crew is working at either end from the outside.

## BOY SHOT TO DEATH.

Posse Searching for Man Who Committed the Crime.

An armed posse is searching the wilds of Wayne county along Coal Creek and its branches, hot on the trail of Joe Fields, who killed Floyd Dodd, well known young man of Coal Creek, according to reports here.

The shooting was the result of an attempt to arrest Fields on a warrant charging conspiracy. It is stated. Dodd, a mere boy, accompanied the officers on their trip to arrest Fields and was in the lead when Fields was finally located in a piece of woods not far from his home.

Dodd started toward Fields but with no intention of attempting to arrest him, he not being an officer and being armed with neither gun nor warrant. Fields called to him not to come a step further or he would kill him. Dodd stopped, and that instant the gun cracked, a heavy charge of shot entering the boy's left breast killing him instantly. It is alleged.

Fields escaped.—Huntington Dispatch.

## EPISCOPAL SERVICE.

On Tuesday evening next, Oct. 21, the Rev. J. H. Gibbons, of Ashland, will preach at the M. E. Church, this city. You are cordially invited to attend this service.

A piece of gas pipe protrudes through the floor of the lower hall in the court house. It is just where it is least seen and is apt to cause trouble. During the fair it caused several to stumble. One lady fell over it and was severely hurt.

## OIL AND GAS.

New Oil Well in This County Looks Good.

Development in Other Eastern Kentucky Fields Continues at a Very Satisfactory Rate.

The oil well drilled in on the Wm. Savage farm last week, six miles from Louisa, looks to be the best well yet drilled in the Lawrence county field. It is estimated all the way up to forty barrels per day. The well was shot last Tuesday and filled up very rapidly afterward. The work of cleaning out is now going on and a pumping outfit will be installed as soon as possible. The company is composed chiefly of Huntington business men. It was promoted by Tom Hays.

This strike puts new life into the local field and will lead to a considerable extension of the local field.

## In Morgan County.

Another strike has just been made at Cannel City in Morgan Co. The Gray Eagle company drilled in a 75-barrel well.

The Burton Oil company recently sustained the loss by fire of a derrick and full outfit at one of its wells.

The Morgan county field is now by far the heaviest producer in Kentucky.

## In Floyd County.

The Yolanda Oil company, owning valuable oil and gas territory on Beaver creek in Floyd and Knott counties, has closed a contract with the Elk Horn Mining company to furnish gas for their large new mining town on the head of Beaver creek. A line two miles long will be built and the pipe has already been shipped from the factory for this purpose. The Yolanda company has several gas wells ready to turn in to the line.

## NITROUS OXIDE.

All of us are somewhat like a certain proprietary medicine—we are "opposed to pain." We naturally shrink from anything that hurts, therefore we put off the extraction of a tooth, for instance, just as long as possible, dreading the almost certain intense pain which the operation produces. Science has brought to us certain pain preventives, all of which are more or less used, but there are some people who will submit to the torture of tooth pulling without "an anaesthetic because of their fear of bad results from its use. Nitrous oxide, called by some laughing gas, is by far the safest of the anaesthetics used in the extraction of teeth, or in any other minor operation. Its use causes entire insensibility to pain, and the danger from its use is almost none. It is easy to use and rather pleasant to take.

Dr. Walter, dentist, of this city has a complete nitrous oxide outfit in his office. He has administered the gas probably hundreds of times, without the slightest accident. The gas is a "heart stimulant" and its use causes no depression. The readers of the NEWS will be glad to know that there is a place so near, where they can avail themselves of this means of painless extraction.

The proclamation of Governor McCreary setting aside Oct. 24th and 25th as road working days throughout Kentucky was enthusiastically received in Lawrence and steps are being taken to get results.

Hon. J. H. Williams, Democratic nominee for State Senator in this district, is in town shaking hands with the dear people, and telling them how he would like to represent them in the upper branch of the General Assembly of Kentucky. Mr. Williams has twice represented this district in the lower branch of that honorable body, is a clean man and made a good representative.—Louisa Cor.—Ashland Independent.

## POLITICAL.

### Points of Interest to Voters About the November Election.

Vote for John McDyer for Representative. He is sober and competent. A man who drinks is of no benefit to himself or his constituents as a member of the Legislature. Frankfort is the wrong place for any man who has a thirst for liquor.

Mr. McDyer is one of the most practical and successful road men in the State and will be a leader in the big movement for better roads. This will be the most important question before the Legislature. Mr. McDyer belongs to the party that will be in the majority in the Legislature and will therefore be in position to accomplish things. It is useless to send a man there who belongs to the minority. It is impossible for such a man to get results for his district.

The same thing is true in the race for State Senator. Mr. Williams will have power and influence where it is needed to get results. His opponent is absolutely handicapped by his politics. Vote so it will count for something.

Vote for sober men.

Vote for Al. Hays for Jailor. You all know him to be one of the best men in the county. It is not necessary to say anything in his favor and it is impossible to say anything against him.

Wert Kitchen is in every way a most desirable man for Assessor. He is on the Democratic ticket.

The Democratic city ticket is composed of representative citizens. Look over the list. It is published in the first column of the 4th page of this paper.

The voters of Kentucky will have the opportunity to vote on some constitutional amendments at the November election. One is to permit some much needed changes in the taxation laws. Another is to authorize the Legislature to enact laws providing for the use of State convicts on the public roads.

#### COUNTY COURT CLERK.

Who is Mart Hay? Let one of his neighbors testify as to who he is. He is a Godly man, going about doing good to all classes and conditions, speaking a kind word to all and walking in the footsteps of the humble "Nazarine." No man could have been selected that will or could make a better county court clerk. He will be sober, industrious, and always at his post of duty, always ready to do you a kindness and have a kind word to say to you when you come to his office the next four years. Can there be a doubt but that a change is needed in this office? We can guarantee that if Mr. Hay is not sober and industrious and at all times attentive to the duties of the office he will resign and give it back to the

people who gave it to him. Vote for him and give him this one chance and if he does not come up to the highest standard then he will hand it back to you to get a man that will. Vote for Hay, and get the best clerk possible.

ONE OF HIS NEIGHBORS.

#### SHERIFF.

Of all the offices in the State, the Sheriff's is the most important for the welfare of the people. Go into any county and if they have a poor Sheriff you will find the standard of morals had; the worse the Sheriff the poorer the moral condition. This being true then it is of the highest importance that we elect the very best sheriff possible. The people of Lawrence county are struggling to rise to the very highest plane in every particular. If we may hope to reach that end then elect the best sheriff that you can find and upward will be the result.

Go where you may in adjoining counties and you will hear these words: "Are your people going to elect Dick Stone for sheriff?" Then comes the word, "He is the best sheriff we ever had in this section. We all hope you will elect him." Will any one doubt that such praise is deserved by Mr. Stone? These praises come from men of both parties, and then they say "It is no difference about what party a man belongs to if he will perform his duty." This is as true as Gospel.

Voter, will you compare the official records of Mr. Stone and his opponent, and see who it was that was for a square deal and who will be the man to work for the best condition of the morals of our beloved county.

AN INDEPENDENT VOTER.

#### COUNTY JUDGE.

To find a man who will guard the interest of all the people, at all times, and save them their money and make it buy its worth when paid out, we must look for one who has won his way up from the bottom of the ladder, and has overcome difficulties on the way; and while following his usual avocations has made a success. It is but natural that such a man is called by his people to guide the destinies of the county affairs. He is a man who will execute the law, and perform all the duties incumbent upon him, one who when it is his duty to compel other officers to perform their duties, when it is required of him, will have the courage to act.

We have but to look around us and see the present conditions all over the county, and then ask ourselves the question, don't we need a change. Shall I particularize? If things have not gone right then let us have a betterment. Vote for Wm. Justice for County Judge and you will have the man for the hour, and when you have acted you will make no mistake. TAXPAYER.

#### CO. SUPT. OF SCHOOLS.

If you will look back a few years, you can see a very poor barefooted boy without any moneyed friends or influence, with an energy unusual, and a strong body and his undeveloped brain wending his way over the hills from his little creek home to Fallsburg school, and hending that energy to educate himself that

he may rise to usefulness, and later on we see him and Hon. J. M. Vaughn in a shanty cooking their meals so that they may be able to hear a school that they may rise and be useful to the world, and themselves. This man was the boy John Ekers.

Mr. Ekers is the man who will understand the needs of the children of this county, and no one will be more interested in the uplift of them all without regard to conditions or money.

He has always been ready with his great learning and willingness to aid all the teachers and assist them into the course of study that has been instituted by the State laws.

Teacher and people, you cannot make a mistake in selecting a man who has hewn his way up through difficulties as Mr. Ekers has when you want your children educated and pushed up the ladder that you desire them to climb. Vote for Ekers and you will see a man installed that knows the needs of all the people.

A VOTER.

J. Howard Williams, candidate for State Senator, was born in Greenup-co., W. Va., in 1870 and came to Greenup-co. in 1881, settling at Siloam. He was raised on a farm to the age of 29 years and was educated in the common schools of Kentucky and W. Va. He moved to Russell and took employment with the C. and O. railroad as a brakeman in the year of 1900, and has been in the employ of the company from that time to the present, he now being a conductor on the road.

Mr. Williams has always been identified with the Democratic party and in 1909 he was elected as Greenup county's Representative in the Legislature defeating Robt. Scott the republican candidate by a majority of 113. He made his race as a laboring man and was the first Democrat elected as Representative from this county in 27 years. He was re-elected in 1911 during the Governor's race and he carried the county by 50. Judge O'Rear, the republican candidate for Governor, carried the county in this election by a majority of 275. Judge O'Rear making a speech at Greenup during the campaign, spoke in the highest terms of commendation for Mr. Williams, saying that Greenup-co. had practically the only Representative in the Legislature during the year previous.

Mr. Williams espoused the cause of the laboring people in the Legislature and he led the fight looking towards their betterment. He brought the Frankfort Lobbies before the limelight and was prominent in leading the fight against these hirelings, who are paid by the corporate interests to remain at the capitol during the sessions of the House and to influence Legislation in behalf of the big corporations and against the interests of the great mass of common people.

His prominence in the House was shown by the fact that he was chosen as a member of the various committees. He was chosen chairman of the Railroad committee, and was a member of the committee on bridges, immigration and labor, Mines and Mining, etc. These were the principal committees before which all labor bills were brought, and Mr. Williams' work on them was such as brought the endorsement of the different labor orders throughout the state, who had Representatives present at the sessions of the Legislature, and who knew of the work he was doing for the laboring people.

It has always been customary for the counties in Senatorial districts to rotate in furnishing candidates for State Senate. Other counties have had their turn and it is now Greenup county's turn to furnish the candidate, which we are doing in the person of Mr. Williams.

Mr. Williams has addressed the following open letter to the voters of this Senatorial district, which is composed of Boyd, Lawrence, Elliott and Greenup counties:

To the Voters of the Thirty-Second Senatorial District of Kentucky.

Greeting:

As it will be impossible for me to

meet the dependent ones of workmen engaged in hazardous occupations. Several states have enacted laws along this line and they have been very satisfactory. I have always opposed the lobbies that have been maintained at Frankfort by the special interests to fight all bills that were for the good of the people, and I am most heartily in favor of a law that will abolish this corrupt lobbying. I believe the giving and accepting of free transportation by the members of the general assembly from the railroad companies is a social bribe, and I am in favor of and will support a law to prohibit such a practice. I am also in favor of a revision of our taxing laws, so that the corporations will be compelled to pay a just proportion of taxes.

I have given you a brief statement of my record on a small portion of the bills that came before me, and how I stand on some of the questions of the Legislature, and in conclusion I wish to say that I have only missed one day during both sessions that I have served as a member of the Legislature, and I have never dodged any issues, altho your investigation of my record, believing that if you will take away voting, my honest convictions—yes or no.

On my record as a public servant I am asking your support and I in turn those things that will make for the trouble to look into if you will give me your support. If I am elected I pledge you the same honest, conscientious service that I have given in the past, always striving as a better and a greater Kentucky. Thanking you in advance for any favors shown me, I am,

Yours For Service,  
J. HOWARD WILLIAMS.

#### REV. SAM M. ROBINSON.

The many friends of Rev. Sam M. Robinson will be glad to know of his success in the Missouri conference. It isn't every man who can transfer from one conference to another and in four or five years make enough friends to elect him to the General conference. Eight years ago Sam was elected to the General conference from this conference. Three years from that time he transferred to the Missouri conference, serving Hannibal station one year and St. Joseph district four years. This year he is elected to the General conference from the Missouri conference and appointed to Phillipsburg district, one of the strongest in the conference. It gives us great pleasure to know that our friend Sam is so highly regarded by his brethren of his adopted conference.—Methodist Layman's Herald.

#### KENNISON BIBLE CLASS.

This valuable help to the moral and intellectual uplift to the people of Louisa has recently taken on new life. Large numbers attend, representing every church in the city. It is absolutely nonsectarian. The teacher is Prof. E. M. Kennison, a scholar and a christian gentleman, who knows the Bible in the original tongues as well as its various translations, as few other men know it. It is also a pleasure to listen in his perfect English as he throws new light on the Book of Books and brings out truths and conceptions, hitherto but little understood or suspected. Come and join in the study of the current topic—The Personality of the Saviour. Relevant questions are promptly answered. Discussions are frowned upon.

#### Business Department Open.

The business course opened at Kentucky Normal College last week, as a separate department. The work is under the charge of a competent instructor. If you want to learn shorthand and typewriting or book-keeping, this is a good opportunity.

## IN GIRLHOOD WOMANHOOD OR MOTHERHOOD

Assist Nature now and then, with a gentle cathartic. Dr. Pierce's Pleasant Pellets tone up and invigorate liver and bowels. Be sure you get what you ask for.

The women who have used Dr. Pierce's Favorite Prescription will tell you that it freed them from pain—helped them over painful periods in their life—and saved them many a day of anguish and misery. This tonic in liquid form, was devised over 40 years ago for the womanly system, by R. V. Pierce, M. D., and has been sold ever since by dealers in medicine to the benefit of many thousand women.

Now—if you prefer—you can obtain Dr. Pierce's Favorite Prescription tablets at your druggist at \$1 per box, also in 50¢ size or send 50¢ cent stamps to Dr. R. V. Pierce, Buffalo, N. Y. for trial box.

This should appeal to men that want to raise cattle, hogs, sheep, or any kind of stock, and the man that wants to garden, raise fruits or berries, etc., for the markets are excellent here. The market gardener heads the list, the dairyman next, the live stock man next, etc. I have farms suited for all purposes, many of them on the best pikes in the county, some on good roads, all handy to school and church. I get a good many questions asked me: "Are there any negroes in the school district near such a farm you have advertised?" I have no farms in negro settlements, so there are no mixed schools here. Many of the farms I have for sale are close to my own. You may find men that will tell you before you get to me that it is too far out. Don't stop. Come on. I can show you better. The land is better out here, is much smoother and the roads are just as good. I have several good farms for sale with good locations for store, blacksmith shops, and many good opportunities for men to make money. Come and see me before you buy. Write or call me over the Bell phone. Write to Sciotoville, Ohio. Always come on No. 15 on the N. & W. Write four days before you start. I will meet you with rig.

THOMAS LOVELL LEWIS, regu-

sentative, 96th Legislative district,  
Johnson and Martin counties.

November 6 has been designated  
Arbor day in Kentucky by Gov. Mc-  
Creary.

Things to worry about. Jack  
Johnson says he will never return  
to the United States.

M. M. Neely, Democrat, was elected  
to Congress from the First West  
Virginia District, over J. G. Heurne,  
Republican.

In speaking of the Kentucky  
mountains, which is very often now,  
newspapers should be careful in  
their use of words. In describing  
the mental and moral condition of  
the people who live in the hill coun-  
try not to sacrifice truth to make  
startling or picturesque statements.  
Only a few days ago the NEWS  
read some headlines in a small  
city daily which called the "Ken-  
tucky Mountains a Debauched  
Section." This paper is pre-  
pared to prove that this section  
is neither dark nor ignorant. Most  
of those who say it is one or the  
other, or both, have probably never  
been east of the mouth of the Big  
Sandy or of Lexington, or if they  
have gone into the "Hearse Of The  
Hills," as Fox puts it, they formed  
an erroneous opinion of the people,  
formed by comparing the best of  
their kind with the worst of those  
whom they met. For the purposes of  
this trial, as the lawyers say, we  
will admit that the people of this  
section do need preachers, church-  
es and school houses, but for that  
matter so do the people of the Blue-  
grass and the Purchase.

## Miss Priest At Baptist Church.

## WELL TOLD.

By a Louisa Resident.

The following has more interest  
for Louisa residents than it oth-  
erwise would have because Mr. Pigg  
is one of ourselves, a citizen of  
Louisa. If it prove of assistance to  
but one person in Louisa, it will  
have been well worth the telling.  
G. E. Pigg, Cross St., Louisa, Ky.,  
says: "For several years I was sub-  
ject to severe backache. I had  
much trouble in passing the kidney  
secretions. Sometimes the secretions  
were profuse, then again scant and  
highly colored. Doan's Kidney Pills  
were procured at the Louisa Drug  
Store, and they gave me the first  
relief I had received. After using

this remedy, I enjoyed better health  
and entire freedom from kidney  
trouble. I have been well since. I  
am glad to confirm the endorsement  
I gave Doan's Kidney Pills several  
years ago."

For sale by all dealers. Price 50  
cents. Foster-Milburn Co., Buffalo,  
New York, sole agents for the United  
States.

Remember the name—DOAN'S—  
and take no other.

Mr. and Mrs. Robt. Calnes, of  
Fallsburg, brought in some new  
subscribers to the NEWS while at  
Louisa attending the Fair last Fri-  
day. Mrs. Calnes has sent us more  
subscribers than anyone else not  
employed as an agent and her kind-  
ness is much appreciated.

PEEP AND CORNE.

**SUBREARS A COLD IN A FEW HOURS—PAPE'S**

First dose of Pape's Cold Compound relieves all the gripe misery—Contains no opium.

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only 25 cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.

## "SYRUP OF FIGS" FOR CONSTIPATED CHILD.

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "laxative" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeiters sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

**GIRLS! DRAW A MOIST CLOTH THROUGH HAIR.**

Try this! Hair gets thick, glossy, wavy and beautiful at once—Stops falling out.

Immediate?—Yes! Certain?—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Dunderline hair cleanse. Just try this—moisten a cloth with a little Dunderline and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Dunderline dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few week's use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25 cent bottle of Dunderline's Danderline from any drug store or toilet conater and just try it.

**City Lots to Exchange for Farm**

We have three fine lots well drained, level ground, corner lots, street car line in front of lots. Car every fifteen minutes, regular stop on corner. Street cars for all points in the city. We want to exchange for good farming land. After reading carefully, write full particulars location of farms. Apply to J. JAMES & SONS, Williamson, West Virginia. 1t.-pd.

Prominent among the Lawrence county products which were seen at the fair were many fair "prodnet," every one of which deserved a blue ribbon. They were good to see.

## Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

VA., Oct. 4.—Beneficiaries of Frank Bradley, a miner, killed at Leewood, on Cahin creek, today by a fall of slate, will be the first to receive the benefits under the workman's compensation act, which went into effect yesterday. The widow will receive \$20 a month immediately and her children will each receive \$5 per month until they are 14 years of age.

It is understood that English capitalists contemplate the purchase of extensive coal lands and mining properties in the New River district of West Virginia, rumors stating that the proposition may involve \$50,000,000. George D. Penniman, attorney of the Baltimore & Ohio Railroad of Baltimore; Morgan Davis, Jr., of New York, and Hugh L. Kirby, of Harpers Ferry, W. Va., are reported as endeavoring to obtain the necessary options, and Chas. M. Alderson, of Charleston, W. Va., is said to be interested in effecting a portion of the sales. Some of the people interested admit that such a deal is now under way, but do not care to give particulars at present.

The newest town in this section is Buskirk, Ky., just opposite Matewan, and named in honor of its founder, R. W. Buskirk, the well known Matewan capitalist and business man.

A map of the new town was filed with the Pike-co. authorities this week. It is admitted that this is one of the finest sites along Tug river and that the new town should early achieve success can not be denied.

For a number of years Mr. Buskirk has owned a magnificent farm just across the river from Matewan. The "lay of the land" has attracted the eye of many a visitor and its adaptability as a town site has often been discussed.

This property has enhanced in value materially during the past several years through the continued development of the vast coal area which surrounds it. Matewan has been experiencing a steady growth through the substantial coal operations on Mate creek and the new development on Blackberry, scarce a mile away on the Kentucky side of the river, and the new town will also profit in the same way.—Mingo Republican.

ELKINS, W. VA., Oct. 10.—The treacherous waters of Cheat River claimed another victim this afternoon when W. C. Dennis, of Frankfort, Ky., a traveling salesman, representing a St. Louis house, lost his life in an attempt to ford the stream at Pheasant Run, ten miles north of Elkins.

Dennis spent last night in Elkins, leaving this morning with a local livery team to make some country points. The buggy was overturned by a big boulder in the center of the stream and Dennis thrown out. His body was found two hours later a half mile down the river at another ford.

Dennis appeared to be about 25 years old. Nothing is known here of his family.

## NEAR DEATH

### BY SMOTHERING

But Husband, With Aid of Cardui, Effects Her Deliverance.

Draper, N. C.—Mrs. Helen Dalton, of this place, says: "I suffered for years, with pains in my left side, and would often almost smother to death.

Medicines palmed me up for awhile but then I would get worse again. Finally, my husband decided he wanted me to try Cardui, the woman's tonic, so he bought me a bottle and I began using it. It did me more good than all the medicines I had taken.

I have induced many of my friends to try Cardui, and they all say they have been benefited by its use. There never has been, and never will be, a medicine to compare with Cardui. I believe it is a good medicine for all womanly troubles."

For over 50 years, Cardui has been relieving woman's sufferings and building weak women up to health and strength.

If you are a woman, give it a fair trial. It should surely help you, as it has a million others.

Get a bottle of Cardui to-day.

## KENTUCKY NEIGHBORS.

The Carter County News, edited by A. P. Haight, has appeared on our table.

Dr. Arthur Yeager, of Georgetown has been named Governor of Porto Rico by President Wilson.

The various hospitals in the mountains of Eastern Kentucky are reported to be full of persons eager to secure relief from trachoma.

Allie W. Young, of Morehead, Circuit Judge of the twenty-first district, has resigned and Governor McCreary appointed his brother, William A. Young, of Morehead, to fill the vacancy, the appointment dating from October 12, to give the retiring Judge time to sign up all the orders in the Bath Circuit Court, the October term of which he has just concluded.

The appointment will hold until the election in 1915, as the vacancy was created too late for the election this year and there will be no State election next year.

## OUR SCHOOL DEPARTMENT.

To the teachers who are interested in learning penmanship and giving a few practical lessons for recreation and for study we refer you to "The Palmer Method," price 25 cents. The A. N. Palmer Co., New York City, N. Y.

We notice that several of the teachers are teaching Agriculture, Kentucky History and Writing in English. Leave off so much technical grammar and take up something more practical for eighth grade work. Writing in English. Take up the other two studies as supplementary reading. Follow 1912 course of study on reading.

We would like to see some good pieces in this department about the amount of money you are raising and everything new you are adding to your school, both in appearance and amount invested in books.

We have ordered a gross of "Ideal Drawing Tablets" to place in the hands of school children who want to do good work in drawing and prepare also for School Fair. They will cost four cents a tablet. I will have them at Teachers' Association at Fallsburg and all the teachers who attend can arrange to take as many as they can use in their schools. Talk this up and see how many are wanted. Then I will send them to any of the teachers who want them. Introduce something new, and give your school a lift.

We will give a prize of a dollar each to the pupil in sixth or eighth grades who gives the best description of Picture Studied and interpretation of a poem studied. These are to be based on fifth months reading or grammar. The dollar is to be spent for a book or books, selected by pupils winning, or any one else whom wish.

## GOOD ROADS GO HAND IN HAND WITH EDUCATION.

DETROIT, MICH., Oct. 3.—"The good roads movement is closely allied with the religious, educational and economical future of our country," declared Gov. Ferris, of Michigan, in an address before the American Road Congress here today. "Good roads play an important part in our religion. With good roads we will have fewer and better churches and fewer and better ministers," he continued.

"Good roads and education go hand in hand. In New England, where good roads have been built extensively in the last few years, the ratio of illiteracy is small. In States where but few good roads have been built, the illiteracy ratio is higher.

"In many localities in this State it is absolutely impossible for the children to attend school when the weather is bad, because the roads are impassable."

Declaring the loss by reason of bad roads which everywhere lessen the profits of industry, increase the cost of living and burden business enterprises, amounts to millions of dollars annually the congress adopted resolutions favoring the creation of a National Department of Public Works.

## TAX LAWS IN KY. CAUSES EVASION

### Present Unsatisfactory Laws Responsible for Small Returns

Retard Development and Lower Standard of Integrity—Efforts to Secure a Better System of Taxation Has Been Persistent for Fifteen Years.

Frankfort, Ky.—(Special)—The efforts to secure a better system of taxation for Kentucky have been persistent for fifteen years but owing to the ironclad restrictions in the state constitution it is exceedingly difficult to secure any change.

Tax commissions have repeatedly been appointed by authority of the legislatures and these commissions have unanimously condemned the general property tax which was adopted by the last constitutional convention and as the law is constitutional it has been impossible for the legislature alone to repeal it.

However, the last general assembly undertook to amend the constitution as provided by law and this amendment will have to be ratified by the people at the November election and if it fails to carry it cannot be voted on again for another five years.

The effect of the present law is to drive people and money from the state and to prevent other people and money from coming in and building up our industries.

This is how the general property tax is regarded by outsiders as indicated in a report of a commission appointed in another state and it applies in all respects to our present tax system.

"The personal property tax is a farce. It falls inevitably upon the comparatively few who are caught. The burden it imposes upon production is out of all proportion to the revenue it produces.

"Year after year state and local assessing boards have denounced it as impracticable in its workings and unjust in its results. These recommendations have for the most part passed unheeded or have led to ineffectual attempts to bolster up the law. It is time the situation was faced squarely, and the tax in its present form abolished.

"So far as the personal property tax attempts to reach intangible forms of wealth, its administration is so comical as to have become a byword.

"Such a method of collecting revenue would be a serious menace to democratic institutions were it not so generally recognized as a howling farce.

"But it is not a farce to those who are fully assessed. These are chiefly the widows and orphans who are caught when their property is listed in the probate court, farmers, retail merchants and others, incorporated or unincorporated, with stocks of goods, and the small investors who are not skillful enough to make non-taxable investments."

The state referred to has changed its tax system and already the receipts from taxation have increased enormously and the peculiar effect of it has been to lower the taxes on lands and improvements by securing a greater revenue from personal property which had formerly produced little or no returns.

Kentucky must increase its revenues to keep up its schools and public institutions and it would be manifestly unfair to make the property at present paying taxes sustain this added burden, but under the present law there is no other recourse.

If the amendment carries and the legislature is empowered to classify property so as to bring under the assessor's scrutiny the vast amount of personal property now escaping taxation the revenues can be increased and taxes on lands and houses diminished and what is more important than all we will be able to develop our resources, maintain our population and attract capital and people who will help to build up the state.

Ohio has recently changed its tax laws and has already been benefited and Tennessee is about to renounce the general property tax. Other states have either long since abolished it or are preparing to do so.

The present system in Kentucky was popular when the country was young and wealth largely confined to real estate which could not be hidden.

Wealth is now largely in personal securities which the assessor can not locate and in consequence this class of property escapes almost entirely.

Can we afford to neglect this great question and yet hope to compete with neighboring states which are less favored than ours naturally but have the advantage of cheap money and low taxes?

If the amendment fails to carry the next census will show that Kentucky has moved down another peg or so in its standing among the states and those at present paying taxes will inevitably have to pay more on the same property while others will escape by hiding their personal property from the assessors.

## HOME CIRCLE COLUMN.

COLUMN DEDICATED TO THREE MOTHERS AS THEY JOIN THE HOME CIRCLE AT EVENING TIDE.

## The Crime of Crimes.

Under the above heading one of the leading Illinois daily papers most truthfully says that mother love is the finest treasure life offers. But not all mothers possess it. Some are selfish, vain, cruel.

"There, my day is spoiled," a young mother exclaimed one morning, when baby began to cry. And instead of cuddling the weepy little one and crooning to it the soft songs which fall upon baby nerves like a benediction this selfish mother began to fret and to scold and to work up a temper.

She actually believed, this foolish mother did, that baby cried just for spite.

It was this same mother who, a short time before, wishing to enjoy a vacation with sailing and dancing, turned baby over to a hired nurse, and went away to the shore for a fortnight as indifferent to her duty as if baby had never been born.

There are mothers like that. Fortunately few, but enough to warrant condemnations on the rights of childhood.

Do you realize as you should that it is not merely the privilege but the right of a child to be petted and loved? That the man or woman responsible for bringing a little life into the world commits treason to the race if shirking its tenderest care?

If petting we don't mean spoiling. Children can, of course, be spoiled; and the spoiled child is an even sadder sight than the neglected or abused child. For spoiling is rarely undone, while neglect and abuse sometimes are overcome by the kindness of others.

If the good Lord has sent into your home and arms the infinite blessing of a dear little babe, don't be so silly as to imagine that the care of it is a curse. Where would you be if mother love hadn't tenderly smoothed the trials of your infancy and made you the altar of worship and sacrifice?

Providing food and shelter and clothing isn't by any means the fulfillment of parental obligation. They are necessary of course; but they're not the things most important. The important, the supreme thing is to give unstintingly, ungrudgingly, in complete surrender, yourself.

Unless you are ready and eager to put your heart and soul into the nurture of the little life, to bring a baby into the world is to be guilty of the crime of crimes.

A truly happy home is a little heaven on earth. It is an empire of love. Around the sacred altar of such a home cling many of the sweetest and dearest memories of our childhood. Kindest words like loveliest flowers full of freshness and fragrance must fall from loving lips to make glad hearts and happy homes. Let their inmates be perfectly devoted to all that is pure in thought, tender in feeling, kind words and noble in action.

## What Is Home.

Ask the above question to any person you chance to meet, who has wandered from home, and in nine cases out of ten the answer will be that—home is a green spot in mem-

ory, a center about which the grandest recollections of his grief-oppressed heart cling with all tenderness of youth's first love. Home has an influence which is stronger than death. It is law to our hearts and binds us with a spell which neither time nor change can break. Not merely friends and kindred rendered that home so dear, but the very hills and streams throw a charm around the place of one's nativity. It is no wonder the grandest harps are tuned to sing of "Home Sweet Home." No songs are sweeter than those heard among the boughs that shade our parent's dwelling, when some evening hour found us gay as the birds that warbled o'er us. We may wander away and mingle with the world's strife, form new associates and fancy we have forgotten the land of our birth; but as we listen perhaps to the summer wind, the remembrances of other days come over the soul and fancy bears us back to the childhood days and home. We may find climes as beautiful and friends as dear, but they will not usurp the place of "Home, Sweet Home."

## Appreciation.

I always look forward to the coming of your paper with much anticipation as to what good thing the Home Circle will have for us this week, and am never disappointed. You seem to have an inexhaustible supply of wholesome truth for all in the home—old and young. Every phase in life receives its illumination from your pen and somehow life seems a bit brighter, the atmosphere purer and hope stronger after absorbing the thoughts you present and in appreciation of all this and many other excellent features, I write these lines.—A Western Reader.

Mother, home and heaven, three sweetest names to mortal given. Millions of happy souls are basking in the golden light that is thrown around those names.

The most miserable people are the ones who make pleasure a business.

## The Family Cough Medicine.

In every home there should be a bottle of Dr. King's New Discovery, ready for immediate use when any member of the family contracts a cold or a cough. Prompt use will stop the spread of sickness. S. A. Stid, of Mason, Mich., writes: "My whole family depends upon Dr. King's New Discovery as the best cough and cold medicine in the world. Two 50c bottles cured me of pneumonia." Thousands of other families have been equally benefited and depend entirely upon Dr. King's New Discovery to cure their coughs, colds, throat and lung troubles. Every dose helps. ## UNJUST TAX LAW IN KENTUCKY

How Unsatisfactory the Present Tax System Works in This State

Most Unequal System Ever Devised and Most of the Progressive States Have Abolished the Plan Used in Kentucky.

The present state constitution of Kentucky provides that "Taxes shall be uniform on all kinds of property," and on the surface this seems to be so fair the average thinker can find no fault with it.

In practice, however, it has been found to be the most unequal tax system ever devised, and most of the progressive states have abolished the plan.

Its inequalities and unfairness may be seen from the way it discriminates in certain classes of property and explains why Kentucky seems to have so little intangible wealth as compared with other states.

For instance, cash in savings banks draws only three per cent interest, gilt-edge bonds pay four per cent, real estate notes six per cent, stock in some foreign corporations ten per cent, while the tax on all is the same for state purposes, but varies for county and city purposes according to the location.

Thus where the income is only 3 per cent and the taxes 2½ per cent it leaves the owner only ½ per cent interest, and where the income is 10 per cent and the taxes 2½ per cent the interest is 7½ per cent. In this uniform?

In some counties land is assessed at 30 per cent of its value, in others 50 per cent, and in others 70 per cent. The state tax is the same in all the counties. Is this uniform?

If an honest farmer lists his property at its fair value and his unscrupulous neighbor puts a lower value on his property the former pays more than his share, while the latter pays less.

If the state board of equalization raises the entire list for that county, the honest man pays on property he doesn't own, and yet our law is supposed to be uniform.

That the personality owned by citizens of Kentucky is vastly more than is listed for taxation is a well-established fact; but the tax receipts don't show it. In fact, certain classes of property, such as stocks, bonds, notes and cash have almost disappeared from the tax rolls, and these evidences of wealth apparently grow less each year.

If the present system is allowed to remain in force, it will result, as it has in other states, in almost all kinds of personality disappearing from the assessors' books, and lands and houses which can not be hid or moved will have to bear the chief burden.

It has been so in every state where the "general property tax" has been the plan on which property was taxed, and most of the states have been wise enough to get rid of such an unequal and unfair system.

The Ohio state tax commission, in its 1908 report on the operation of the "general property tax," says: "It is a failure for purposes of revenue or equality. Perhaps not 5 per cent of intangible property is listed. It punishes the honest. It rewards the dishonest. It frequently results in double taxation and lowers the standard of integrity."

The entire revenue of the state of Kentucky is about \$7,000,000, while Michigan, with about the same area and population, receives \$14,000,000 from taxes, only a small proportion of which is paid on land.

In Pennsylvania there is no state tax on farms or homes.

There are 7,000,000 acres of unimproved farm lands in Kentucky and yet vast quantities of farm products have to be imported.

There are about twenty-five thousand square miles of coal lands in Kentucky, and yet we buy millions of tons of coal from Pennsylvania, West Virginia, Indiana and Tennessee.

Kentucky raises thirty-eight per cent of the tobacco crop of the United States and manufactures only three per cent of it.

These are significant facts and our people should consider them.

There may be other causes for our lack of progress but it is an established fact that no state has ever prospered under the general property tax and it is also known that this deplorable system of taxation has always driven out capital, retarded development and caused untold losses in population.

The last general assembly passed an act amending the state constitution so as to permit future legislation on taxation which will go far towards remedying the evils and it is the duty of every citizen in the state to vote for the amendment at the November election. If it is not ratified at that time it will be impossible to vote on the question for another five years and it has been delayed too long already. It is time for us to wake up and get in line with other prosperous states. Vote for the constitutional amendment at the November election.

## A Gentle and Effective Laxative.

A mild gentle and effective laxative is what people demand when suffering from constipation. Thousands swear by Dr. King's New Life Pills. Hugh Tallman, of San Antonio, Tex. writes: "They are, beyond question, the best pills my wife and I have ever taken. They never cause pain. Price 25c. at druggists, or by mail."

H. E. Bucklen & Co., Philadelphia or St. Louis.

Hot bottles at Conley's store. Keeps liquids hot or cold seventy-two hours.

## FROM KY. CROP REPORT.

The turkey crop is below the average, reports showing only 86 per cent. The percentage of ducks is 88 per cent., percentage of chickens, 90 per cent.

In this report the Department has undertaken to find out the percentage of cattle as compared with the usual year that are going into feed would necessarily cut down the number of stock kept for the winter. Indications are that there are only 72 per cent. of cattle on feed. Hogs on feed also show a marked decline from an average year as indicated by 71 per cent.

There is practically a unanimous complaint from all sections of the State as to the scarcity of water, shortness of grass and lack of feed.

Farmers are urged to sow cover crops, particularly rye, barley and hairy vetch, for winter pasture in order to save feed bills. Those farmers who have silos have been exceedingly fortunate in being able to save much fodder where the ears of corn failed to materialize. It is hard to find a ray of sunshine in such a bad crop year as this season has proven to be. However, if our farmers take advantage of the lesson that this has taught, it may prove to be a blessing in disguise. If this drought only teaches the farmer the value of a silo and the value of cover crops for winter, Kentucky may yet be richer as a result of the drought.

J. W. NEWMAN,  
Commissioner of Agriculture.

The Old Man has at last been recognized as part of the earth. Representative Moore, of Pennsylvania, the father of eight children, introduced in the House a resolution designating the first Sunday in June as "Fathers' day," with the rose as its emblem.

The NEWS would like to send Mr. Moore, of Pennsylvania, a whole bushel of American beauties.

## GIRLS' SERVICE COATS

There isn't a garment in the wardrobe of such general utility as the Service Coat.

You've real need of its comfort more months in the year than any other coat. In late summer and early fall; in late winter and early spring; for motoring, roughing it, school wear—off and on, all the time.

That requires it to be a coat of exceptionally good value and well made—and of a model that is ideal in weight, in fabric, in pattern, in style—and in price.

These coats were made by Man-Tailors and embody all the goods points of a man's garment.

Gladly sent on approval, by parcel post to responsible parties.

## PIKE COUNTY NEWS

### DIPHTHERIA TAKES THREE.

Health officer Z. A. Thompson was advised at the first of the week that a general epidemic of diphtheria prevails among the children of this district, and that on John's creek nine new cases developed last week with three fatalities. The disease has also infested Peter and upper Knox creeks and Jenkins.

### NEW BAND MAY BE ORGANIZED.

With Mr. C. T. Johnson as conductor, it is very probable a new band may be organized at Pikeville immediately. For several months the city has had no organization of this character, although perhaps the best set of instruments on the Big Sandy river may be found here, comprising some costly models of the Conn and York type. A number of the young men have spoken with Mr. Johnson, and a contract for his services as director may be made within a few days.

### DR. J. B. McCLAY REMOVED TO OHIO.

Dr. J. Bigelow McClay, superintendent for the Ashland district of the M. E. Church, has been removed from Ashland to Martins Ferry, Ohio. The M. E. Church at Pikeville was under his charge, and he made many visits here during the past two years, and delivered many sermons and lectures. He has many friends here who regret to lose him. He will be succeeded by Dr. Dickenson, of Ohio.

### MR. SHAW HURT.

Marion Shaw, foreman of one of the Kelley Bros. grading crews, who worked on the streets of Pikeville during the past summer, was badly injured by being struck by a street car at Portsmouth, O., last week. Mr. Shaw's little son was also killed by being struck by a train there only a few weeks ago, and he and his family left Pikeville in response to a telegram announcing the boy's death. He did not return to his work here, and his own misfortune followed soon thereafter. He was returning from his days work at the Peebles Paying Brack Co. plant where the accident happened. Shaw is well known here.

### NEW PORTRAIT STUDIO.

Joseph C. Brewer and J. B. Honaker have rented the suite of rooms in the Bentley block formerly occupied by Jasper I. Saad's art studio, and will open a photo gallery on Oct. 20.

### NEW PASTOR.

The Rev. G. J. Daniels, of Chaplin, Ky., delivered two sermons in the Christian church last Sunday morning and evening, and it is said he has accepted a call to the pastorate of the church to become effective at once. The pulpit of this church has been vacant since the Rev. R. B. Neal resigned several months ago and removed to his former home at Grayson, Ky.

### MOTOR CRAZE.

Pikeville has become a victim of a most exhilarating motor craze. Since the completion of the street pavements, motordom has taken full

possession of them, and no pedestrian dares to venture off the side walk, on pain of death or at least a broken limb. Bicycles have already run over several children, but fortunately none have yet been hurt. A large team of motorcycles of high power daily race through the streets of Pikeville at a crazy rate of speed, but the reckless drivers do not seem to know that in the event some one is accidentally killed they would face the electric chair. For if a jury were selected from the country to sit on their case, there are no extenuating circumstances sufficient to save them from the death penalty. So it behooves the council at the first meeting to enact measures that will in some degree safeguard the lives of people whose daily business demands that they traverse the streets to and from work. This can only be done by curbing the speed of these machines from 75 miles per hour to a 5-mile gait. The quicker this is done the smaller will be some speed fiend's chances of having to face a trial for first-degree murder.

### LOCAL AND PERSONAL.

The street paving machinery has been loaded on cars and shipped to Welch, W. Va., where the next paving job has begun.

The Rev. J. B. McClay made his last official visit to Pikeville last week as district superintendent of the Methodist church.

O. M. See, of Louisa was here looking after business interests one day last week.

W. W. Mosser, of Ashland was also a caller here last week.

F. M. Williams was here from Paint attending court last Saturday.

The "Cake Walk" given at the Presbyterian church last Friday evening was a very different affair from that expected by visitors. In-

stead of the old-time dance, several young gentlemen were dressed in a manner so as to suggest the names of certain cakes by their appearance. One was dressed in a baseball uniform with a bat; that was a hatter cake, etc. A large number of people attended, and the result was a general good time.

S. M. Cecil and Sam Wright went to Myra Monday afternoon to conduct a meeting in the Myra lodge of the I. O. O. F.

The Rev. T. J. Rigg, pastor of the Baptist church, has gone to Mount Vernon, Va., to conduct a series of revivalistic services at the Woodman Baptist church.

W. J. Freeman and J. W. Cockrell, two mine superintendents of Bellier, were in town Sunday.

## FLOYD COUNTY.

### PRESTONSBURG GETS TWO NEW BUILDINGS.

With the completion of the Harkins law office building and the Hopkins commercial building, the city of Prestonsburg will have two of the most modern and commodious business blocks to be found in the Sandy Valley. The Harkins building will be found on Second street near his residence. It is to be built of stone, one story high, with a large basement. The building is now well under way, and contains many splendid features not found in any other building in the valley. The entire building will be occupied by Mr. Harkins and his son, and it will be finished about next June.

The Hopkins building is located on Court-st., near the Magnate theater. It is a two-story brick structure with a double compartment on the ground floor. The second floor will be occupied with offices. It is estimated that this building will be completed within 30 days.

### BENEFIT ENTERTAINMENT.

An entertainment was given at the Magnate theater Tuesday evening for the benefit of little Grace Spencer, a crippled child. In this entertainment several children playmates of the little girl took part, and a small admission fee was charged. With the proceeds an invalid chair was purchased for the little girl. The generous Mr. W. H. May, Commonwealth Attorney, was the promoter of the entertainment.

### MONITOR CHANGES HANDS.

The Sandy Valley Monitor, which for several months was operated by Mr. Chrislip, is now under the editorial management of Mr. Henry Merritt, of Bonanza. The paper will be conducted on substantially the same policy, as formerly, and published the first edition under the new management this week.

### LOCAL AND PERSONAL.

Considerable talk is heard on the streets of Prestonsburg upon the subject of waterworks. It is said that Mr. Geo. W. Atkinson, of Louisa will undertake to establish a waterworks system in the town under a contract of guarantee from property owners, and that the funds for the work will be raised by a sale of bonds, he himself taking a liberal share amounting to \$10,000 of the capital stock.

O. P. Chatfield and attorney J. M. Bowling, of Pikeville were here attending court Tuesday and Wednesday.

Circuit court will continue in session throughout next week, after which it will adjourn for the present term.

Mrs. J. D. Rogers, of Van Lear came up Tuesday.

J. C. Bussey, of Louisa was in town Wednesday.

It is said that a rich gas well on the property of Mr. Hopkins will be tapped within a few months to supply the city of Prestonsburg with gas.

## A CLERGYMAN'S STORY

### Came Near Losing His Life—How He Escaped

The following letter was received by The Peruna Co., from Rev. C. W. Roberts, R. R. 2, Box 27, Hartsell, Alabama, under date of April 2, 1904, which is exactly nine years ago.

REV. C. W. ROBERTS, R. R. 2, Box 27, Hartsell, Ala.

110 says: "I take pleasure in informing you of what your Peruna has done for me after three years of suffering. I had tried the treatments of several doctors, also home remedies, but they failed and all hope had gone. My friends, like myself, thought I was in the last stages of consumption."

"My daughter brought me a bottle of Peruna and plied with me to try it. I had got so weak I had lost my voice, and I thought it no use. That was in May, 1902. I began to take it, according to directions. I wrote to you, and you gave me your kind advice."

"I soon felt better, my cough began to give way, and the expectation lessened. I have taken fourteen bottles. I feel well, eat hearty, sleep soundly, weigh as much as I ever did, do considerable work on my farm, and attend to my other business. My friends seem astonished at my recovery."

"I wish to thank you for your kind advice and the books you have sent me. I shall ever praise your medicine and hope that you may enjoy a long life."

It will be observed that Rev. Roberts waited two years after he began to use Peruna, before he wrote the above letter to The Peruna Co. So that his apparent recovery could not possibly have been temporary relief.

In a later letter to The Peruna Co., dated September 22, 1906, Rev. Roberts says: "I am a great friend of Peruna. By the use of Dr. Hartman's advice I am here to-day, able to be with my family and attend to my business."

We quote from another letter, dated December 10, 1906: "I praise Peruna to all the sick. The people know my case, and they praise it also."

In a letter dated November 22, 1909, we quote Rev. Roberts: "Peruna gave me back my life ten years ago. All my acquaintances know that. I am certainly thankful to you for your kindness."

In a later letter, dated January 13, 1910, he says: "I shall ever in the future, as in the past, be ready to speak in praise of Peruna to all sufferers. I believe my miraculous cure has been the means of many others being cured in this country."

From a letter of September 5, 1911, we quote a few words: "I am still among the living. As to Peruna, I do not feel that I have words to express the faith I have in its merits. I feel that Peruna has been the means, through the kind providence of God, of prolonging my life for more than ten years."

We quote a still later letter, October 31, 1912. He says: "I took a severe cold three weeks ago. I at once sent for Peruna. I have been taking it two weeks. I am now better. I consider that Peruna has carried me over a dozen years of life. I always stand ready to answer any question in reference to Peruna."

We quote from his last letter, dated January 2, 1913: "Dear Friends: I wish this bright New Year to express my thanks to you for your kindness. Trusting that you may have a successful and happy year, and that your medicine may prove a blessing to many as it has to me, I am yours as ever, C. W. Roberts, Hartsell, Alabama, R. F. D. 2, Box 27."

It is not necessary for us to add any words to this story. The eloquence and pathos of these letters are more convincing than arguments or affidavits. Who can doubt the clergyman's story? Who can doubt that Peruna saved his life?

Every home should be provided with the last edition of the "His of Life," sent free by the Peruna Co., Columbus, Ohio.

## Letcher County News Notes.

WHITESBURG, KY., Oct. 14.—The Letcher Fiscal Court has just closed a business session during which allowances totalling nearly twelve thousand dollars for public improvements were made. First and perhaps the most important the money necessary for the building of six miles of model roadway, leading from Mayking to Kona, Mouth of Boone's Fork, was appropriated, and the contract actually awarded for its immediate construction, the work to start within five days. C. B. Donaghy, Ada, O., received the contract to build the road. Arrangements were also made for the construction of three steel bridges, two across the Kentucky river, one at Sergeant, one at Craftsville and one across Pine creek, near Mayking, the Champion Bridge Co., receiving the contract. There are dangerous fords to contend with both at Sergeant and Craftsville and the arrangement of bridges meets the hearty approval of our people while the model road way will give but an example of the importance of good roads and will no doubt start the ball rolling for good roads throughout the whole of the county. With millions of dollars being expended in the county and the great strides of development on every hand the county ought to realize the importance of good roads and make a long and a strong pull to get them. Let the officials of the county, to a man, strike while there is a sentiment prevalent for good roads.

The Whitesburg Telephone company having made the necessary arrangements for the building of a local and long distance telephone line from Whitesburg, via Blackey, Masu and Viper to Hazard, Perry county, will start at once its construction. This line will accommodate a large territory both in Letcher and Perry counties, forming a most important connection that has long been wanted. Since purchasing the old lines here N. Starkoy, Pikeville, has renovated things and is giving splendid service, both local and long distance.

Mr. C. L. Fuson, a bright young man of Middleboro, Bell-co., recently appointed Deputy Collector of this division to take the place of Samuel Collins, resigned, has located here. Mr. Fuson, with U. S. Marshal John H. Adington and possemen, returned Saturday from an important moonshining raid along Carr's Fork and the headwaters of Beaver creek. In the raid they cut and destroyed two large moonshining outfits, a large quantity of beer, etc., and arrested one moonshiner. The moonshiner was brought here for a hearing before U. S. Commissioner John W. Halo.

Adams & Sullivan, Louisville, railroad contractors, have started the construction of the Potters Fork Branch of the L. & E. from near Neon, two and a half miles up Potters Fork, to reach the rich properties of the Mineral Fuel Co. and also where the company is starting the building of another industrial city of great magnitude. Several hundred hands have been put to work and this number will be greatly augmented by a much larger number within a few days. The company also proposes to start the work on the Bottom Branch line, nearly one mile long, at once. Bottom Branch is a tributary of the Wright's Fork at Fleming, the new city of the company. The whole of that section is rapidly becoming an industrial center of great magnitude. Just what the future will unveil for the Boone's Fork section is difficult to conjecture.

Many of the teachers of Letcher county were disappointed when they came to Whitesburg Saturday with no money on hand for them. Owing to a failure of Superintendent Dixon to make his statistical and financial report of the county the county's apportionment was held. It is hoped that the matter can be righted, and the teachers get their salaries early in November.

Editor L. Wilson Fields, of the Eastern Kentucky News, with his family, are enjoying a two week's outing back in Cumberland mountains, gathering chestnuts for the winter's supply. A number of others will go for an outing the coming week.

Republican nominee for County Judge Henry T. Day, with D. I. Day, attorney, returned from a three weeks stay in French Lick Springs, Ind., and are much improved in health.

Mr. W. K. Kilbourne, one of Whitesburg's hustling good business men, has just returned from a business trip through several counties in Southwestern Virginia.

Mr. and Mrs. Rufus Williams, who have been visiting their parents, Mr. and Mrs. Hiram Williams near here, will leave within a few days for their home in San Jose, Cal.

Eld. J. D. Hunter, of Cannel City, Ky., is at Mayking and Sergeant, organizing a Council of the Junior Order United American Mechanics.

Mr. and Mrs. R. B. Franklin left here for an extended visit with relatives at Bloomington, Magoffin-co. They will be absent for some time.

Mr. and Mrs. Charley Vermillion, of Frankfort are guests of their parents near Whitesburg, after a long absence.

Mr. and Mrs. Edward G. Watts are guests of friends in Winchester.

Kodaks and all kinds of supplies at Conley's store.
